Denver Col
Aug 4th 1877

Mr Henry Folsom Dr

Please find draft for
$80.00/100 Eighty Dollars & 00/100 —
I sold one of them single Barrel
A L Shot gun of Henry make
I think and the gun did not
last no time the Barrel got
loose at the Breech and the
Cause all together from Bad
workmanship and I think the
it would be no more than right
for the Parties that make the
guns to send a New Barrel in
Place of the old one no man
can make a job to fasten the old
Barrel on to the Breech
Yours Respectfully
Mr Root By Owens

After 10 days, return to

Franklin S. Miles,
SCREW MANUFACTURER,
205 QUARRY STREET.

Philadelphia, June 20 1878

James Henry & Son
Waynesboro Pa

Gentlemen Your
Card of the 17th is at hand.
We would have sent the screws
by mail if we had been ordered
to do so at your risk. We have
lost five packages of screws —
allready by sending them thr-
ough the mail to parties —
without their orders and have
had to replace them at our
expence The Express Co gives
a recupt for all goods they
receive so if the goods are lost
we can recover there value

which is not the case when we send by mail, you are unfortunate in having to pay so heavy Express Charges on the last package. but it is not apparent to us that we should be made responsable for the express Co. Charges, when we quoted the prices for screws. we did not include the express charges on them, as we expected you to pay it.

We can make the small ones at Seven Dollars $7.00 pr. 100, $21.00. for 300 at one time. the fine ing pin at One Dollar and fifty five cents $1.55 pr 100, $4.65 for 300. at one time. You to pay The Express charges on them

Your favor of 2d rec'd and you may send me sample of the new 10 bore when ready. Don't care about the rebounding lock.

The 12 bore which we have had of you are not heavy enough to successfully compete with the Stevens make, and not quite good enough make. We have had some Hammers come off and generally they are not as well made as the Stevens. If you could get them up to weigh heavier and a little more carefully made throughout we think they would go. Can you do this? Yours truly William Read & Sons

We wrote you
recently Concerning your single Barrel
Gun &c. asking if you could have
it done Nickel Plain Bright? and do
you want trade for Pistols, Hand
&c? no reply as yet.

the principal trouble with the
gun has been that it is too light
not heavy enough at breech, should
be stouter every way and weight made
a pound more. If you can get
out such as we describe and have
it in both plain & twist barrels it
will sell rapid we believe it for your
interest to start an order at once
as we have a new make coming
out. also you must be more particular
— also about Locks & Hammers.

we have had Hammers struck off: also Chambers should be right for the Shells. many of last lot did not fit. In short a heavier & better gun is wanted, and if you can get up such at a cost not exceeding £9.00 we think they could sell. try it?

We are
