NOMINATING COMMITTEE REPORT

I am pleased to submit this report on behalf of the Nominating Committee appointed for the purpose of submitting a slate of nominees for election and reelection to the Board of Directors at the annual meeting on October 16, 1992. The Committee consists of myself, Barbara Schroeder, and Hilton N. Rahn, Jr.

The slate of nominees is as follows:

Class of 1993: Estelle Shedlauskas

Class of 1995: Joseph DiGerlando, Kenneth Fenske, Virginia Lopresti, Gerald Millheim, Walter Peters, James Shedlauskas, and MaryAnn Van Norman.

We believe these persons will faithfully attend the meetings and participate ably and actively in the business and decisions of the Board of Directors. In addition, each one of these nominees for election or reelection to the Board has already shown a willingness to volunteer time and energy to the refurbishing and upkeep of the Henry Homestead and John Joseph Henry House properties, and in these and other ways each has contributed to the forward movement of the Jacobsburg Historical Society.

Election of this slate would result in a nearly equal balance among the classes of directors: 7 in the Class of 1993, 8 in the Class of 1994, and 7 in the Class of 1995.

For the Nominating Committee

Philip G. Schroeder

WE WELCOME OUR NEW MEMBERS:

Mrs. Agnes Mathew, Easton

Mr. & Mrs. Joseph B. Moore, Allentown

Mr. Ryan Scott Cortez, Nazareth

The Annual Christmas Party will be held at the Henry Homestead on Sunday, the Sixth of December, from Two to Five P.M. At present writing, a display of old toy trains and related items is planned.

SATISFACTION: JOBS WELL DONE!

Think for a moment on following a project from start to finish. A jumble of papers, a cluttered office, a discouraging pile of material on a desk slowly become useful files in their proper drawers, a clean desk top to work on, a pleasant room where work becomes a pleasant occupation.

Picture an area below the Summer Kitchen -- dark, dank and smelling of rotting wood and damp debris. Some time later the old brick floor is swept clean, all the trash has been removed, and the air is definitely fresher, with light coming through a washed window. When new shelves and storage containers are put in place, the unattractive basement room becomes, again, a Root Cellar, showing visitors food preservation before refrigerators.

Imagine the barn door off its track, and missing boards permitting unauthorized entrance. At one corner of the foundation stones have fallen out, creating a large hole all the way through the wall. On the south side of the building loose boards dangle from a sliding door track, while at ground level another fragment of door admits unwanted visitors. What a sense of satisfaction is achieved to see, several weeks later, the new barn door sliding on its rollers, the "man door" once more usable. The stone foundation is repointed, and takes on a beauty of its own. Other functioning doors secure the lower level, and loose boards are now nailed in place. Inside one sees the piles of stored items interspersed with pure trash sorted and placed in orderly fashion, the useless material taken away. Once again the Homestead Barn is usable as a dry, secure storage area for wagons, farm equipment and items not yet on display, but safe until needed.

To see the results of these projects is gratifying, but can in no way match the pleasure of being involved in the entire program. Only the workers get the full effect of the "before and after" situation, see the changes as they develop and fully appreciate the good that has been done. In addition, only the volunteers can look back on the fellowship that the job engendered - the pride of achievement.

Give yourself the full benefits of membership - get involved in a project and benefit both yourself and your Society.
