Respected Friends

The business of these lines is
your Post boy, he regularly attends to arriving
the Packet of Newspapers & letters from the Stage
arrives, when the call of stage is coming records
of he must be, down a step behind the stove
or comfortable seat at his meals, or at some
employment, he must leave all and seem to take
the packet, Rain, Hoar, Snow, or what ever comes
there may be, does not impede his attendance to
the packet, and ~~the~~ frequently brings
the packet to the distriuting offices, What
reasons if we have not their
we would have seen

would be the same
for the full Post box, in
to Newcastle for the Post &

Since of Christmas & New Year are fastidious
